Beliefs Connected With Arch.

The arch, one of the most beautiful of architectural achievements, was often associated with superstition. In India, in China, in New Zealand, to crawl under a brier grown down in the shape of an arch is considered a sure cure for rheumatism, boils, whooping cough, or whatever ails you. A sick child is passed under such an arch, in Borneo, and in New Guinea, passing under an arch is an initiation process observed with much ceremony.

NATIVE BULGARIAN HEALTH BREW

Boris Marokoff, native Bulgarian, combined 14 herbs into his famous formula.

A teaspoonful of Bulgarian Blood Tea taken steaming hot at bedtime assists nature to break up a bad cold and guard against influenza and pneumonia.

People over forty will find that Bulgarian Blood Tea is pure and healthful. Nature must be assisted to relieve constipation, liver, kidney and bowel trouble. Keep a box of Bulgarian Blood Tea always at hand ready for instant use to prevent sickness.

Most Eggs in New Moon Period.

Experiments have shown that more eggs will hatch if the hen is set when the moon is new, or very close to that period, and that the young chicks hatched at that time will be stronger and more vigorous, and will grow more rapidly. On the other hand, chicks hatched when there is no moon are often more weakly and do not make such strong and vigorous fowls, nor are they such good egg-layers.

First Suggestion.

"What do you suppose the first quarrel between Adam and Eve was about?" "I guess she pitched into him about raising Cain."

ONE NEIGHBOR TELLS ANOTHER

Points the Way to Comfort and Health. Other Women Please Read

Moundsville, W. Va.—"I had taken doctor's medicine for nearly two years because my periods were irregular, came every two weeks, and I would suffer with bearing-down pains. A lady told me of Lydia E. Pinkham's Vegetable Compound and how much good it had done her daughter, so I took it and now I am regular every month and have no pain at all. I recommend your medicine to everyone and you may publish my testimonial, hoping that the Vegetable Compound does some other girl the good it has done me."—Mrs. GEORGE TEGARDEN, 915 Third Street, Moundsville, W. Va.

How many young girls suffer as Mrs. Tegarden did and do not know where to turn for advice or help. They often are obliged to earn their living by toiling day in and day out no matter how hard the pain they have to bear. Every girl who suffers in this way should try Lydia E. Pinkham's Vegetable Compound and if she does not get prompt relief write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, about her health. Such letters are held in strict confidence.

LOST "HONEY MINE" SOUGHT IN TEXAS

Bees Reported to Have Been Storing Sweets in Great Cavern for Years.

Fort Worth, Tex.—Search for the famous "lost mine of honey," where it is claimed that bees for centuries have been storing away billions of pounds of honey, has been renewed.

Bringing with him numerous maps and diagrams of caves through Texas, E. B. Rees, an engineer, arrived here recently to begin his quest for the "cavern of sweets."

In the event his search is successful, an Atlanta (Ga.) firm, which he represents, plans to erect a huge refinery near the cave, he says.

According to tradition this cave, said to contain 100,000,000,000 pounds of

The Blast Exploded Prematurely.

honey, is somewhere near Menard, Tex. Indians first reported it. Then Spanish missionaries and soldiers, working their way northward from the outpost of San Antonio, heard of the "honey mine." It was said to be high up on a hill and inaccessible, except by hanging over a cliff.

In later years, after the Indians and Spanish were gone, efforts were made to enter this cave, and one adventurer is said to have been stung to death.

The most promising clue in the possession of Rees, who is making his headquarters in Fort Worth during his quest, is from San Saba county. There a honey cave exists, and is high up on the hillside. Residents near there, however, will not venture an opinion as to the amount of honey stored away in the cavern recesses or as to the age of the cave. But they say positively no one has ever been able to reach the honey.

At one time young men living near the "mine" organized to get the honey. The leader, armed with a blast of explosive, was lowered over the face of the cliff and down to the cave entrance. But the blast exploded prematurely and the man barely escaped with his life.

Rees estimates that the honey, if it exists in the rumored amount and can be distilled, would be worth approximately \$1,000,000,000.

Texas Woman With Gun Drove Masher to Jail

Alex Kobelinko of New York city tried to strike up an acquaintance with Mrs. J. C. Moody on a country road two miles from Dallas, Tex. He found himself looking into a revolver muzzle.

Just then, Mrs. Moody's brother came along in the family automobile and, with the woman sitting in the back seat taking a casual shot at Kobelinko every time his speed slackened a little, they chased him toward town until they met Sheriff Harston, who arrested the New Yorker on a charge of aggravated assault. Kobelinko declared that as soon as he was free he was going back to Broadway where the girls do not know how to shoot.

KU KLUX BAND IN MISSOURI

Secret Organization Deals Out Summary Justice in Cedar County.

Fair Play, Mo.—A white cap organization, similar to the Ku Klux Klan of the old South, is said to be working effectively in the eastern part of Cedar county.

The band works secretly and silently, deals summary justice, and their disbands. It was formed a year ago but none of its victims "squealed," so their activities are just beginning to become known.

Recently, according to reports, a Cedar county farmer was taken from his home and whipped. The visit is said to have followed reports that the farmer had beaten his three-year-old stepson.

Took a Relative's Advice

Sykesville, Md.—"I was in bad health for about ten months—suffered every day with my left side. I then began taking Dr. Pierce's Favorite Prescription and also the Golden Medical Discovery and was greatly benefited. After taking six bottles I was well."

"I took Dr. Pierce's medicines at the advice of a relative who uses the 'Prescription' for herself and gives it to her daughter. I think this medicine is good for all women in a run-down state."—MRS. W. BLIZZARD. Have been sold by druggists for the past fifty years.

Lost Ring

Somewhere in Paris, on February 3, a solitaire diamond ring. Finder will receive reward by returning to my office, over G. S. Varden & Son's drug store.

MRS. HARRIET MINAKER. (15-1f)

Small Farms at Auction

ON TUESDAY, MARCH 1

At 10:30 O'clock A. M.

We will sell to the highest bidder the Kenney Farm, located on the Houston pike and the L. & N. Railroad, about three-quarters of a mile from the Maysville or Paris Pike, nine miles north of Lexington. This farm contains 68 acres, on which is located a well built six room frame cottage on stone foundation, good stable, hen house, carriage house and good fences. There is a large cistern near the residence and a good artesian well. There are also several ponds and a never failing spring on the farm. It has a long pike frontage and can easily be subdivided into small tracts.

Interurban stop No. 34 is just one-half of a mile from the farm, and there is a station on the L. & N. at the corner of the place. Schools and churches are close. The location, therefore, is ideal.

At 2:30 P. M. on the Same Day

we will sell to the highest bidder a small place, containing 17 acres, located on the Todd's Road, one-quarter of a mile from the Richmond pike, and a mile and one-half from the city limits of Lexington. This place is improved with a five-room frame cottage, stable and other outbuildings.

These farms are being sold to settle the estate of Mrs. Juliet P. Kenney and will be sold without any reserve whatever to the highest bidders. Possession MARCH 1, 1921.

TERMS—Easy and will be announced at sale.

Security Trust Company
